

# New England Nursing Clinical Faculty and Preceptor Academy

---

---

## *Academy Updates*

The New England Nursing Preceptor Academy is in the process of scheduling live webinars for nurse preceptors in the fall. We will share the schedule around late August or early September!

## *Join Us! Preceptor Competency Research!*

The Association of Nursing Professional Development (ANPD) is collecting information for a Preceptor Assessment Tool, which measures the competencies used or displayed by an individual preceptor. This research study tests the psychometric properties of the tool and invite you and your colleagues who are preceptors, preceptees, managers, faculty, or nursing professional development (NPD) practitioners, i.e., educators in the practice setting, to participate in this research.

Individuals qualify to complete the ANPD Preceptor Assessment Tool if they meet one or more of the following criteria:

1. Have been a preceptor in the past 12 months
2. Have been precepted in the past 12 months
3. Are a manager, faculty, or NPD practitioner who has provided oversight for a preceptor in the past 12 months

Please participate and forward this newsletter and/or share the QR code with individuals in your organization who meet the criteria listed above.

This study has been deemed exempt by the University of Washington Human Subjects Division (HSD). Since this tool is being tested, no results will be shared at this time. Once the validity and reliability of the ANPD Preceptor Assessment Tool have been established, organizations will be able to access the tool for program evaluation.

Participation in this survey is voluntary. Individuals should allow about 15-20 minutes to complete the survey. The survey will close August 11th.

The ANPD anticipates no discomforts or risks from participation in this electronic survey. **No personal**

**identifiers will be requested.** All survey responses are stored without individual identifiers in REDCap, a secure, web-based application, ensuring privacy and confidentiality. Participants will not be asked to publicly share their ratings.

If you have questions about the ANPD Preceptor Assessment Tool, please call Mary Harper at 386-793-6725 or email [mharper@anpd.org](mailto:mharper@anpd.org). If you have questions about the research, please email Patsy Maloney at [maloneyp@uw.edu](mailto:maloneyp@uw.edu). If you have any concerns or questions involving human subjects, you can contact University of Washington's HSD at [hsdinfo@uw.edu](mailto:hsdinfo@uw.edu).

Individuals can access the survey by clicking the button below or by scanning the QR code.
